

**CAN YOU TELL
WHICH ONE
OF THESE
YOUNG PEOPLE
IS IN CARE?**

#SNAPTHATSTIGMA

**NEITHER
CAN
WE.**

Both have hopes and dreams for their future.
Let's CREATE belief in every young person.

Each year, over 46,500 young Australians grow up in out-of-home care.

Children and young people with a care experience can often face discrimination which can have a negative impact on their lives.

Help snap that stigma and share a positive story over social media,
just hashtag #snapthatstigma or email create@create.org.au
